

Terms

Making an order

When you make an order, you accept these terms, and we send you a personal invoice. On this invoice you will find more information, such as your expected delivery time and information about payment. You can choose to make a down payment of 10% or pay the full amount to start production of your Elvari. The down payment/payment confirms the order and is not refundable.

On the rare occasions when goods have sold out, prices have changed, delivery costs need to be modified or a mistake has been made in our pricing, we would make you aware of this, at this time. If any further payments were required we would contact you, to make sure this is acceptable. If you decide to cancel your order in this scenario, you will of course get your down payment back.

The prices on our site include VAT at the current rate.

Delivery information

Shipping is free world wide. We do however reserve the right not to ship to certain destinations.

Return and refunds

We only accept returns or refunds for defective items.

Cancelation policy

We only accept cancelations before production of your Elvari have started.

Defective items

If your product develops a fault within our warranty period of 24 months, we ask that you return the items to us by an insured method and at your cost. If goods are not returned in their original packaging for repair, then 2 layers of packaging are required, including some kind of shock absorbent material surrounded by an outer box made of heavy duty cardboard.
